

A CHOCTAW BATTLE

Quite a Lively Affair Yesterday,

BUT NO ONE WAS KILLED

An Episode That May Demand the Attention of the Government.

PANAMA, March 29.—The Choctaw feud has resulted in bloodshed. A sharp and most desperate encounter took place at Antlers at 2:30 this afternoon, and for ten minutes a storm of leaden hail fell about the town.

At that hour twenty-eight militiamen suddenly appeared from the woods and charged on the residence of Dick Locke, leader of the national party, and opened fire upon it.

Locke saw them coming and barely got into the house when a fusillade began. Locke, with five men, returned the fire from an upper story. Fully 1500 shots were fired, and every window was shot out and the walls perforated like a sieve. Stray bullets fell far and wide and terror and consternation prevailed throughout the little town. Every one was uneasy and no one knew who was the aggressor. The shooting lasted for four hours, and the town was left in a state of confusion.

The attack was a surprise to every one, coming as it did. All believed and hoped that the matter would be settled on some peaceful basis, but the morning the militia, under command of Captain Key Durant, went to Locke's house and insisted upon searching it. He was not at home, but in the mountains in camp about three miles from town.

After remaining in town while they returned to camp, he was conveyed to Locke, and his company with his son and eight others went home to see what had been done, as he feared violence had been done to his property.

He reached there about 10 o'clock this morning. United States Attorney Lee and Judge Durant, leading Jones' men, went to the militia camp at Davenport, three miles north of Butler's, and had a long consultation with the militia.

Jones, leader of the government officials, explained to them the position the United States occupied.

Locke attacked Durant, who was a United States deputy, and the militia went to his house and searched it.

He was taken to the United States court for attacking him, and if they attacked Locke, they would be held because he had served the United States as a possessor and guard.

They wanted to know if they had any property in the house. After much haggling they said they had a process for Willie Jones, who had been indicted for conspiracy.

Further parley was had, and the difference seemed to be temporarily settled. Shortly afterwards, however, Duke dashed down the road at the head of a body of militia, and went at once to Locke's house. Locke said that time he allowed for his wife and children to get out of the way, and a report of Winchester was the only reply.

Mrs. Locke went out of her house into the street and denounced Duke and his followers as cowardly, brutal murderers. Meanwhile Captain Thompson came up, and in company with Commissioner Gibbons went to his men and begged them to stop firing.

They went to Locke's house while it was still raining leaden hail, and while Gibbons stood outside and commanded them to stop firing.

After the party the militia left town and went a mile north of town into camp. A survey was then made of the field.

In Locke's house three men were found wounded. Locke's little daughter had been hit by a bullet as she was going up stairs with a baby in her arms. A ball passed through Locke's hat and his arm was grazed.

It is said the children were shot at as they endeavored to go from their residence to a neighbor's.

Warrants were issued at once for a large number of the rioters and late this afternoon Gibbons, Kirkpatrick and Judge Durant went to the militia camp and arrested G. W. Duke and eighteen others and brought them here tonight.

Took a Short Route. PANAMA, March 28.—A frightful suicide was discovered near here today in a ravine. The victim was blown to atoms by giant powder, and not a particle of flesh remained except the limbs. Pieces of the body were thrown 100 yards. Nothing whatever was left to identify him. His clothing would indicate that he was a miner, and familiar with the use of powder.

Bishop Kip Dying. SAN FRANCISCO, March 28.—Right Rev. Bishop William Ingraham Kip of the California Episcopal diocese, in the city, died at his home in this city. Physicians who are in attendance upon him state that they entertain no hopes of his recovery. The bishop is 82 years of age.

Killed by a Train. SAN FRANCISCO, March 28.—Dr. Henry DeGroot, a well known mining man and writer on mining topics, was killed by a train at Alameda today. He was standing on the track reading a paper while the Santa Cruz train came along at a brisk pace.

Robbed a House. Lodi, March 28.—Burglars entered the house of Ed Allison near this place Sunday night and stole a rifle, shotgun and several other articles of value while the family were absent. The officers, at present, have no clue to who the burglars were.

Big Flood Damages. WASHINGTON CROSSING, N. J., March 28.—The breaking of the great ice gorge in the Delaware river and the unleashing of the water on the farms reveals damages which years cannot repair. Orchards and vineyards are ruined and roads have been destroyed. The loss is estimated at \$1,000,000.

Killed His Family. SCRANTON, Pa., March 28.—Bernie McFadden, a miner, last night murdered his wife and child. His house this morning presented the appearance of a terrible struggle on the part of the murdered woman. McFadden is missing, and a posse is searching for him.

HAWAIIAN MATTERS

The Provisional Government Moving Along Sincerely.

HONOLULU, March 28.—The political situation of the islands remains unchanged. The provisional government still continues to exercise all its powers originally conferred, and the conditional independence announced by United States Minister Sherman last of this government is still maintained.

The armed force from the cruiser Boston is still on shore, and the American flag is still hoisting over the government building.

There has been no public disturbance of any character, and there has ensued a quiet waiting for the final decision of the American government.

The only activity in political circles at present is due to the formation of an association of characters, and the clubs. Neither of the organizations have as yet attained a membership likely to influence the political situation.

Pending debate word from Washington the regular government troops have been increased in number and an appropriation of \$5000 has been made to supply clothing for volunteer troops which is accepted as an indication that the provisional government contemplates strengthening its position as thoroughly as possible to continue the present order in which the United States troops are withdrawn.

The British man-of-war Garrett left for Victoria, B.C., on March 18th, leaving a port open to the American fleet and two Japanese warships.

Peter C. Jones has resigned as minister of finance, and T. C. Porter, who has not heretofore been actively identified with the island politics, has been named as his successor.

He sailed today under orders for his return to the United States.

The uncertainty which prevails as to the probable fate of the islands as far as their annexation to the United States is concerned, is having a most depressing effect here. Business is dull and a feeling of unrest has arisen. Opposition to annexation grows with the day, and the royalists are showing more confidence in their assertions that the queen will remain on her throne.

The resignation of Minister of Finance P. C. Jones is reported to be on account of ill health. There is an impression among certain prominent men here that Japan has designs on Hawaii, and would have annexed the islands and not the United States foretold her; that if the United States abandons her protectorate Japan would declare that no government existed and would raise the Japanese flag.

A company has been organized to engage in coffee growing on the islands.

Senatorial Proceedings. WASHINGTON, March 28.—In the senate a resolution to proceed with the election of secretary, sergeant-at-arms and chaplain to take office June 30th, and nominating for those offices W. J. Cox, of North Carolina; R. B. Wright, of Indiana, and Rev. W. H. Murray, of Ohio.

Notice was given by Mr. Hearst that he would call up tomorrow the report of the committee on privileges and elections as to the three senators appointed by governor. Hearst also offered a resolution that we were over till tomorrow, instructing the committee on privileges and elections to investigate the allegations of embassies against Senator Keith of North Dakota. The executive session was adjourned till tomorrow.

A MURDER MYSTERY.

DISCOVERY OF A LONELY GRAVE NEAR SAN BRUNO.

The Victim Had Been Murdered and All Evidence of Identity Removed.

SAN FRANCISCO, March 28.—A most singular and mysterious murder has been unearthed on a lonely hill near the San Bruno road. The body of a well dressed man was found in a rudely constructed grave, with two gunshot wounds in his head and one in the right wrist, and other marks of violence on his person.

The grave is in a most secluded spot near the crest of a hill about 400 feet above the level of the ocean, and is reached by a steep and rocky path.

It was discovered by an employee of a milk ranch who had made the steep ascent for the purpose of discovering stray cows.

There was nothing upon the person of the dead man to discover his identity.

Among the articles was a silk hat found in the grave with the corpse. The man was aged about 31.

Decomposition had already set in, but the appearance of the grave indicates that it was dug very recently. No one is missing from San Bruno and there is no clue to the mystery.

Customs Duties. OTTAWA, March 28.—There is a new phase of the treaty with the United States. The minister of finance announced in the house today that the 30 per cent ad valorem on transporting wines Canada will not discriminate in favor of French wines, but simply lower the customs thereof generally. This will allow United States wines and certain fruits and nuts at greatly reduced duties.

Love Talk a Laugh. PORT TOWNSEND, March 28.—Henry Windell of San Francisco arrived here this morning in search of his sweetheart, Martha Conrad, who recently fled from his advances. He arrived too late, however, for she married Harry W. King in Seattle yesterday. King was an old sailor, and when they learned that Windell was on their track they hastily wedded. Dr. Conrad, the girl's father, followed Windell to Port Townsend to prevent his daughter's marriage, but he was one day too late.

Appointments. WASHINGTON, March 28.—The President has sent to the senate the following appointments: George G. Hill of Mississippi, consul general to Guyana; Earl W. Miller of South Dakota, attorney for the district of South Dakota.

Another Caught. VISALIA, March 28.—Deputy Sheriff Witty and Constable Johnson arrested Will De Maier, an Aransas station robber, near Harford today.

A New Commissioner. WASHINGTON, March 28.—Secretary Cather has appointed Dr. J. A. Sennor commissioner of immigration at New York.

A YOUTH MURDERED

By an Escaping Counterfeiter

WHOM HE WAS CHASING

Great Excitement at Knight's Landing—Pursuing the Murderer.

SACRAMENTO, March 28.—A terrible affair occurred on the river near this city this evening. A telegram came from Knight's Landing in the afternoon to Constable Ed Tolmunder, of Washington, Yolo county, to look out for two counterfeiters who were going down the river in a boat. The constable sent out his father, an old man, and his brother Louis, aged 17, the former armed with a shotgun and the latter with a pistol.

They went out in a boat and about 7 this evening espied a skiff coming down the river and undertook to overhaul it. There were two men in the skiff. The boats landed side by side and one of the men seized Tolmunder's gun and took it from him.

The boy then fired several shots at the man in the stern of the skiff, when the other man turned on him and emptied a charge of No. 6 shot in the boy's breast, killing him instantly.

The men in the skiff then pulled to shore and escaped.

Crowds of men are out with guns looking for them, and if caught it is believed they will be lynched or shot down.

The place where they landed is a sort of island, 100 yards from the main land, and officers searched it tonight, but could not find the men.

Their boat was found at the island, however, and there is so much blood in it that it is believed that the boy wounded the one he shot at before he was killed.

THE LAST GENERAL.

Death of the Famous General Kirby Smith.

SEWANEE, Tenn., March 28.—General E. Kirby Smith, professor of mathematics in the University of the South, died here this afternoon. For two years his health had been declining, and two weeks ago he was taken ill at New Orleans.

General Smith was born at St. Augustine, Fla., March 27, 1834. With him closed the list of full generals on both sides during the late war.

He came from an illustrious family of soldiers that participated with distinction in every war that was waged in this country since the old French war.

His grandfather served both against French and the British, being a major in the Revolutionary war. His grandfather was a colonel in the war of 1812, and afterwards was United States judge of the superior court of Florida. His brother was killed in the Mexican war, and General Smith himself was twice breveted for gallantry on the field in the same war. His record during the civil war is well known.

His Own Carelessness. OAKLAND, March 28.—Joe O'Donnell, aged 10, was instantly killed to-night by an electric car. O'Donnell tried to board a car while it was moving, and fell under the car coming from another direction. His head was crushed to a jelly.

After the S. P. AUSTIN, Tex., March 28.—A resolution was introduced in the senate today charging the Southern Pacific with illegal control of the Galveston, Harrisburg & San Antonio road, Texas & New Orleans, Louisiana, Western Sabine & Eastern Texas, and the New York, Texas & Mexican railroads, and the attorney general was instructed to make an investigation.

A Millionaire Murdered. UPPER MARIENBURG, Md., March 28.—The body of Francis M. Bowie, a millionaire, was found in a well with the head crushed in and the throat cut. His jewelry and money were missing. John Leeder Johnson, colored, was arrested for the crime. His clothing was spotted with blood. Bowie was a member of the celebrated Bowie family of this state.

A Thieving Chinaman. MISS ANNIE Morgan of Danahoe's addition, filed a complaint in Recorder Lanning's court yesterday against Al Loy for stealing a bird dog belonging to her and valued at \$20. Loy said the dog, a warrant was issued for the heathen's arrest.

Frighful Tragedy. MARSHALL, Mo., March 28.—A report has reached here of a tragedy between here and Sedalia on Sunday, in which four persons, Archie Harlow and Peter Wolley and their wives met death. There are no particulars. The sheriff has started for the scene.

Blow His Head Off. SAN JOSE, March 28.—An unknown man committed suicide this morning by blowing his head off with a dynamite cartridge. Only a small piece of skull and a few grey hairs of the man's head were left.

An Extra Session. WASHINGTON, March 28.—To a few congressmen, Cleveland has intimated that he will call an extra session of congress to dispose of the tariff question. It will begin either in September or October.

Of Course He Will. WASHINGTON, March 30.—Thomas F. Bayard says his appointment as ambassador to Great Britain was not unexpected, but that he will probably accept the honor.

AMUSEMENT IN NIGHT

The Choctaw 'Factions' Likely to Clash Tonight.

PANAMA, Tex., March 29.—The relations between the rival Choctaw nations are still strained to their utmost, and it is believed that another battle will be fought at Antlers in a few hours.

Eighteen of the militia arrested there last night had a hearing before the United States commissioner here today. As soon as released they bought a new Winchester each and then tanked up on whiskey and boarded the north bound Frisco train.

At 6 p.m. passengers on the south bound train, which met the north bound at Antlers, say that Locke had fifty men and declared that the militia stopped and made any demonstration he would fire upon them. The militia were in a smoker, with the lights out.

All efforts to reach Antlers by wire since dark have failed, which is considered a bad omen. The dispatches that went to Antlers last night retraced this morning, reporting all quiet up to the time they left, but say the people of Antlers fear the town will be burned to night.

Spreading Again. VICTORIA, March 29.—Cholera has appeared at Calceva, a market town in Galicia. Every attempt has been made by the town authorities to check the disease, but despite their efforts it is spreading. Three deaths from cholera have already occurred, and a number of new cases were reported today.

St. Petersburg.—It is stated in an official report that an average of 150 new cases of cholera and 50 deaths from the disease have been reported every week in the government of Podolia.

A Cooley Dog. OAKLAND, March 29.—Richard Phelan, a book agent, was today awarded \$5000 damages in the superior court in consequence of damages inflicted upon him by the bite of a dog owned by James Gowthorne, while in the parent of his vacation as a book peddler. Phelan called upon Gowthorne some time since and Gowthorne's dog bit him in the leg.

Settled for All Time. FLAGSTAFF, A.T., March 29.—E. F. Odell, a saloon keeper here, shot Mary Donaldson through the head and sent her to the other world. The victim was a woman who had already been the cause of the death of two other men.

New Veterinary Board. SACRAMENTO, March 29.—The governor has appointed the following as state veterinary medical board, under the act passed by the state legislature: W. F. Egan, San Francisco; R. A. Archibald, Sacramento; R. F. Whittaker, Los Angeles; Thomas Macley, Petaluma; W. R. Roland, Pasadena.

To Look at It. WASHINGTON, March 29.—A board consisting of Captain Matthews, Chief Engineer Fowler and Naval Constructor Taylor, has been appointed to visit the Mare Island navy yard and make a general examination into its condition and workings, with a view to ascertaining what, if any, improvements are necessary. The board will not survey the Monterey.

To Protect American Interests. KNOXVILLE, March 29.—The United States war vessel Keokuk sailed for Port-Arthur today with the object, it is understood, of protecting American interests in the event of revolution, which the followers of General Manigault are endeavoring to excite in Hayti.

His Own Carelessness. OAKLAND, March 28.—Joe O'Donnell, aged 10, was instantly killed to-night by an electric car. O'Donnell tried to board a car while it was moving, and fell under the car coming from another direction. His head was crushed to a jelly.

After the S. P. AUSTIN, Tex., March 28.—A resolution was introduced in the senate today charging the Southern Pacific with illegal control of the Galveston, Harrisburg & San Antonio road, Texas & New Orleans, Louisiana, Western Sabine & Eastern Texas, and the New York, Texas & Mexican railroads, and the attorney general was instructed to make an investigation.

A Thieving Chinaman. MISS ANNIE Morgan of Danahoe's addition, filed a complaint in Recorder Lanning's court yesterday against Al Loy for stealing a bird dog belonging to her and valued at \$20. Loy said the dog, a warrant was issued for the heathen's arrest.

Frighful Tragedy. MARSHALL, Mo., March 28.—A report has reached here of a tragedy between here and Sedalia on Sunday, in which four persons, Archie Harlow and Peter Wolley and their wives met death. There are no particulars. The sheriff has started for the scene.

LEAGUE REPUBLICANS TO THE SEA'S DEPTHS

Of Ohio Have a Love Feast

AND A SUMPTUOUS BANQUET

Governor McKinley Stirs the Blood and Arouses Old Time Enthusiasm.

CANTON, O., March 29.—The Republican tariff banquet here tonight was a political success, 400 guests being present from various cities in Ohio. The banquet was spread in the laboratory, a mammoth structure dedicated to political purposes in 1884, with a speech by James G. Blaine. The interior of the building was handsomely decorated.

Governor McKinley occupied the position of honor at the first table. Hon. J. S. Fessett was toast master, and at the conclusion of the toast he read letters of regret from ex-President Harrison, Senator Sherman, G. R. Gibson of Ohio, and several other prominent men.

The banquet was spread in the laboratory, a mammoth structure dedicated to political purposes in 1884, with a speech by James G. Blaine. The interior of the building was handsomely decorated.

With the exception of that of Senator Sherman the letters of regret, read and the toastmaster, Senator Sherman, took occasion to discuss the financial question. He said that what was needed was an honest currency, and his experience had shown him that notes of national banks issued by the government, form the best currency that had been devised. "Notes of the United States," he says, "carefully limited in amount and backed by the credit of our whole people, supported by the gold and silver coin, and with clear authority in case of necessity to redeem in coin by the sale of bonds have been proven by our experience since the first day of January, 1875, to be a wise and safe currency, the profits of which insure directly to the benefit of the whole people. The chief fear is that these notes will not be safely restricted by law and their credit may be impaired and destroyed by the carrying out of wild and visionary notions of the coinage of silver."

The senator expressed the hope, however, that the silver coinage delusion has passed away. In conclusion, he says: "The real solution of the silver problem is that they put into silver dollars enough silver at the market value to be equal to the gold dollar, and they maintain all forms of money, whether coin or notes, of equal and interchangeable values."

Governor McKinley responded to the toast, "Our sacred Republics." Hon. P. O. Young of New Lisbon, Hon. J. J. Squire, State Senator Green and James R. Garfield also spoke.

Governor McKinley, in the course of his speech, reviewed the life and service of various Republican Presidents. Speaking of Harrison he said his administration was pure, vigorous and patriotic, and his own contemporaries will give him the credit of having preserved the country. "The country," said McKinley, "needs the Republican party, for its principles and purposes and policies underlie every American interest, and allied with it true growth and advancement since 1850, and today the Democratic party has done nothing without the power to do anything with public measures without the sanction of the Republican party. Now they have full possession and there is no longer any reason for hypocrisy. If they believe in their own professions of the past thirty years they can now make them effective. There is no cause for discouragement on our part. We have but to maintain our old-fashioned vigor, yielding nothing of our principles."

Too Hard a Pressure. SAN FRANCISCO, March 29.—E. Amenden, formerly cashier of the Continental Insurance Company, who disappeared after a shortage of \$1000 in his accounts had been discovered, committed suicide last night.

He was found in a lodging house on Bush street this morning dead. A rubber tube was attached to his neck, with one end in his mouth. The gas was turned on.

A letter addressed to the corner and the surgeon of the receiving hospital read as follows:

Case of death, madness and despair (the noble reason) to the press and public. Further particulars will cause only more misery and unhappiness to my understanding friends and relatives.

P. S.—The friend employed was one Amenden, 42 years old and lived in Oakland. E. AMENDEN.

A Desperate Character. REDWOOD CITY, March 29.—B. G. Allen, who broke jail here with three others, is surrounded in the Santa Cruz mountains. He was shot at by the officers on Saturday night. He lost his hat and a sack of provisions, which was now in the hands of the officers. Sunday Allen went to the mill and stayed all night. He got a new hat and had his sprained ankle dressed, but breakfast Monday morning and departed. The company's mill was closed last night.

Appointed Senators. WASHINGTON, March 30.—The debate started yesterday on the question of the right to seats in the senate of persons appointed by the governors of Montana, Washington and Wyoming, was resumed this morning. Mitchell of Oregon making a legal and constitutional argument against the report of the committee on privileges and elections, which declares them entitled to their seats.

Will Make a Fight. NEW YORK, March 30.—The Clothing Manufacturers' association, who locked out their cutters Saturday, have determined upon an active policy. In view of the court's action in the Ann Arbor railroad strike they went before Judge Lawrence yesterday to procure an order requiring the officers of the garment workers of America and the American Federation of Labor to appear today and show cause why they should not be restrained from boycotting manufacturers or from issuing orders tending to damage their business. Argument was heard today for one week on condition that the cutters shall not issue any more boycotting circulars in the meantime.

Murder and Suicide. AUSTIN, Nob., March 30.—Edward Sterrett, a physician, shot his wife and then killed himself. His wife had deserted him. He met her on the street, drew a revolver and grasped her by the throat and forced the weapon into her mouth and fired. Then he turned the revolver on himself. The woman is fatally wounded. The cause of the trouble is unknown.

Will Sell Re President. NEW YORK, March 30.—At the unanimous request of the board of directors of the Union Pacific road, H. H. Clark has withdrawn his resignation and will continue in the presidency. He will resign the presidency of the Missouri Pacific, but will continue one of its directors.

World's Fair Doors to Open on That Day

WITH EVERY THING IN PLACE

One Price of Admission Will Be Good for All That Can Be Seen.

Chicago, March 30.—President Higinbotham of the World's Fair has issued an address to the public regarding misrepresentations and misstatements relative to the exposition management. He says the exposition will be in readiness for visitors May 1st, that an abundance of drinking water will be provided free to all, that ample provisions for seating will be made without charge, about 1600 toilet rooms will be located at convenient points and will be absolutely free to the public, an admission fee of 50 cents will enable the visitor to enter all the exposition buildings, inspect exhibits and see everything within the grounds except the Reguimans village and the reproduction of the Colorado cliff dwellings. For these, as well as for special

peradoes
BRO UP A KANSAS BANK
to Secure Four Thousand Dollars
and Escape Into the Indian

PEYVILLE, Kas., March 27.—The Valley Bank at Dancy was robbed this afternoon and \$4000 were secured by the robbers. The job was done by two men named Starr and Smith, both of whom escaped. Shortly after 1 o'clock Starr and Newton entered the bank when no customers were present, and leaving revolver in cash register and three other employees handed off the money on hand. Their argument was unanswerable, something over \$4000 was quickly taken out.

The robbers then backed out of the bank after a waiting suspense to the people that they would not be caught if an entry was raised. The men hurried to their horses and a good start on their way to the Indian Territory before the bank people started from their fright sufficiently to alarm.

Soon as the matter became known a posse was organized and started in pursuit up to night the robbers had not been found.

This is one of the robberies. The

and only recently escaped from there he was imprisoned for confinement in the Municipal Cadeville reformatory jail. Newcomb is also a notorinous criminal.

A Very Thin Pretext.
PHILADELPHIA, March 27.—Dr. F. O. Blair, for more than twenty-seven head of the consular bureau in the department, has been removed, Saturday afternoon.

Blair sent a note to Dr. St. Clair last night that he desired him to resign at his office, at W. G. Fairbank's residence at 41, Madison street, and that Charles C. Blair was appointed as his successor. Dr. St. Clair before dreamed that his official letter had been called into question, and sought an explanation from the secretary of the department, and to have a note that he had been guilty of holding official papers on the score that were personal letters, and for this in his resignation was requested.

He is in fact, containing no against one of the United States in Germany, and instead, treated as private by Dr. St. Clair should have been sent in to the department records. Dr. St. Clair produced a note in his question, he claimed to be the private correspondence, but he did not succeed in inducing the secretary that they were official papers.

LEVINE, March 27.—Oliver San-
ncovered his house on fire early
morning. He aided his wife and
child out, and returned for two
children, one 8 and one 6 years
old. He never came out alive. The
bodies were found in the ruins
as fire had been extinguished.

Umoosy Indiana.

LEVINE, March 27.—A report reached
this morning that a band of Apache
s, heavily armed, are eighty miles
from the reservation and but thirty-two
from Phoenix, on Oak creek.
SANTA FE, MARCH 27.

porting houses, demanding protection for everything they wanted. An agent sent to the settlement where the Indians said they had no particular needs none, and were going to the Colorado river. They also stated there were ten more of the party, and other horse tracks were seen. The Indians were well armed. Even the women carried pistols and cartridge boxes. They were going west, towards New Mexico, and the agent telegraphed the Governor at San Carlos. The agent said there are no more sick on the reservation, and they wanted to get to the citizens of Cave Creek thinking the Kid and his band going to join seven near White River.

A. C. Paulsell Dead.
 kron, March 27.—A. C. Paulsell, member of the state board of harbor commissioners, died here tonight at the age of his son, J. J. Paulsell. He died from Bright's disease and had confined to his bed for several days. Mr. Paulsell was prominently mentioned for the nomination for governor at the San Jose convention in 1890. He was largely interested in the Farm-

CO-OPERATIVE MARKETING

Discussed by the State Horticultural Society,
California State Horticultural Society
its next regular meeting will
be the subject of the co-operative

meeting will be held on Friday, 1st, at 1 o'clock p.m. Colonel and E. F. Adams of the Santa Fruit Exchange will address the on the following subject: "How far can growers profitably co- in marketing fruit?" Especial n will be given to the marketing fruit. There will be opportunity
